Q6

Any ideas that you would like to see or anything you like to have changed?

23 responses. My response are in blue.

I had 19 responses that was (No, Good Job, Thank you for your time or variants of that message.) Thank you for those responses.

I also received 4 ideas

1. **Maybe a practice score link to the club page in the match schedule.** Good idea - I added in the last newsletter the hyperlink to the club's web pages. I try to add the PractiScore links as well, lots of the times the ones I have are because the club rep or MD sent me the link, I try to look up other matches on Facebook or PractiScore but to be honest sometimes I don't have lots of time to find them and edit the newsletter it all depends on my "Paying" job. So you can help if you know of a match registration for your club email me ASAP (I try and send the newsletter on Wednesday) at wpascgz@gmail.com and I will get it added.

2. **Rules updates.** I am trying to have a balance between too little and too much information in a weekly newsletter. My idea for this is to get the competitor the info he/she needs to shoot a match each week and sectional/national news, yet not having too much content to make it to long. I got some of that feed back in Q2 comments regarding newsletter content. I might do the weekly with the basic "here you go - get you going" content and a single monthly with news a sectional- regional-national news and rules content. I would however say your best source for rules is the USPSA web site or their magazine [Front Sight](#).

3. **I love the idea of helping set up and tear down. It should be put in every newsletter.** I cannot stress this enough and probably a lot of shooters get tired of hearing this. But it's true your local clubs Match Director put a ton of their personal time and they get burned out without the help of you, the match competitor. Please come help setup, even one a month or stay and takedown one stage trust me you won't be turned away and your time will be greatly appreciated. **AND to the gals/guys (Yes we have ladies that come out and hammer nails as well as pull them at the match end) that I see every month and on behalf of all the Match Directors and all the guys/gals that help in areas that I don't get to THANK YOU VERY MUCH!**

4. **Do not get me started on the Area 8 match** Hmm poor Bill D. Hey so I have an idea. I believe in bring a solution to a problem I report. So I would be interested in hearing some thoughts on this. Do you think there is a better way to register this match, or what would help of fix this problem?

I have to make sure a Section Match gets on the ground and I would be interested in some fresh ideas or feedback.
